Support ROBE

Enough is enough! It's time for the current board members of the Palos Verdes Homes Association to either resign or be replaced in the January election by new candidates who will be good, honest stewards for our community!

In 2012, the current board engaged in a convoluted scheme to sell parkland to a private resident, whose property adjoins this valuable parkland. The court, rightly, ruled in 2015 that this action was illegal and must be reversed. Concerned citizens who want to preserve the character of our city and property values, have spoken out in support to the court's decision and urged the board to accept the decision.

Instead, these same board members have "doubled down" on their original decision and decided to appeal regardless that the sentiment is overwhelmingly against such action. These board members have shown that they feel NO OBLIGATION to represent those who elected them.

I urge all residents not to vote the ballot that was sent to them by the homes association — but, instead, to vote the alternative ballot from ROBE (Residents for Open Board Elections), which you will receive by mail between Christmas and New Year's, or go to ROBE's website, www.pve-goodgov.org, to download it.
